Elementary School
Multiple Choice Examination - Part 2**

Instructions – This portion of the multiple choice examination consists of 40 questions. You will receive two points for a correct answer. You will lose one point for an incorrect answer. Blank responses lose no points. Please fill in the bubbles completely on the answer sheet. You may write on the examination, but all responses must be bubbled on the answer sheet. All images are contained in the resource booklet. Diacritic marks such as accents have been omitted from place names and other proper nouns. You have one hour to complete both the written portion of the examination and this set of multiple choice questions.

A. English and Swahili
B. Dutch and Afrikaans
C. Arabic and Berber
D. French and Arabic

Questions 9-17 are about forests.

9. All of these are among the top 5 nations in forested area (measured in square miles or kilometers) EXCEPT which of the following?
A. Russia
B. Brazil
C. Great Britain
D. China
10. Which of the following countries has the highest percentage of its territory covered with forests?
A. Saudi Arabia
B. Iraq
C. Iran
D. North Korea
11. The highest percentage of the world's forests are in which of the following regions?
A. tropical
B. boreal
C. temperate
D. subtropical
12. Forests in the Pacific Northwest and Appalachian regions of the United States would most likely be which of the following types?
A. tropical rainforests
B. boreal forests
C. subtropical dry forests
D. temperate rainforests
13. Which of the following is the main difference between a savanna and a forest?
A. savannas have no trees
B. trees in savannas are spaced widely enough that the tree canopies do not close
C. unlike forests savannas only occur in tropical areas with heavy rainfall
D. savannas only exist in South America and forests do not exist there
14. Forests perform all of these functions in the environment EXCEPT which of the following?
A. converting carbon dioxide into oxygen and biomass

- B. purifying water
- C. making farmland more productive
- D. mitigating natural hazards like floods

15. Any reservoir, natural or otherwise, that accumulates and stores some carbon-containing chemical compound is known by which of these terms?

- A. landfill
- B. carbon sink
- C. biome
- D. ecosystem

16. Forests store most of their sequestered carbon in which of the following?

- A. dead wood
- B. either in living biomass or dead organic material in the soil, depending on the biome
- C. dead leaves on the ground
- D. forests do not sequester carbon in any of these places

17. Which of these is the largest forest in the world?

- A. Tongass National Forest in Alaska
- B. the Sunderbans in India and Bangladesh
- C. Kinabalu Park in Malaysia
- D. the Amazon Rainforest in South America

Questions 18-25 are about lakes.

18. Which of the Great Lakes is the largest by volume?

- A. Superior
- B. Huron
- C. Erie
- D. Ontario

19. Lake Victoria is the largest lake on which continent?

- A. South America
- B. Europe
- C. Africa
- D. Antarctica

20. All of these are true of the Caspian Sea EXCEPT which of the following?

- A. it lies between Europe and Asia
- B. it is entirely freshwater
- C. it is the world's largest inland body of water
- D. it can be classified as a lake or a sea

21. Which of the following is both the deepest lake in the world and the lake with the largest volume of freshwater in the world?

- A. Great Bear Lake
- B. Great Slave Lake
- C. Lake Baikal
- D. Lake Malawi

22. Cenotes are type of lake commonly found in which of the following areas?

- A. the Gulf Coast of Texas
- B. the Rocky Mountains in Colorado
- C. South Louisiana
- D. the Yucatan Peninsula in Mexico

23. Anthropogenic lakes are lakes that are created in which of the following ways?

- A. by a meteor impact
- B. by an earthquake

- A. ancient lake
- B. crater lake
- C. glacial lake
- D. tidal basin

25. All of these are true of the Aral Sea EXCEPT which of the following?

- A. it was the fourth largest lake in the world in 1960
- B. much of the water flowing into the lake was diverted for industry and agriculture
- C. recent projects have restored most of the water to the Aral Sea
- D. the eastern portion of the Aral Sea has become the Aralkum Desert since the water has dried up

The remaining questions on this part of the test will refer to pictures in the resource booklet.

Questions 26-30 refer to the diagram in Section 1 of the resource booklet.

26. This image shows landforms made by which of the following processes?

- A. wind erosion
- B. water erosion
- C. a retreating glacier
- D. human activity

27. Due to their shape, the lakes labeled 7 on the image have what name?

- A. plate lakes
- B. trench lakes
- C. kettle lakes
- D. cylinder lakes

28. What type of moraine, which gets its name because it forms at the end of a glacier, is labeled 8 on the image?

- A. terminal moraine
- B. Veiki moraine
- C. lateral moraine
- D. washboard moraine

29. Which number on the image shows an esker?

- A. 3
- B. 4
- C. 5
- D. 9

30. Which of the following, labeled 6 on the map, is an elongated hill shaped like a half-buried egg?

- A. outwash fan

- B. cirque stairway
- C. u-valley
- D. drumlin

Questions 31-40 refer to the map in Section 2 of the resource booklet.

31. Which number on the map shows part of Turkey?

- A. 1
- B. 2
- C. 3
- D. 5

32. Which number on the map shows the country of North Macedonia?

- A. 1
- B. 2
- C. 9
- D. 10

33. Numbers 7, 8 and 9 on the map indicate the sites of which of the following?

- A. major meteor strikes from the Cenozoic era
- B. the sites of major hurricanes in the last decade
- C. active volcanoes
- D. major island or coastal settlements

34. Number 10 on the map indicates which of the following?

- A. the Dalmatian Coast of Croatia
- B. the Black Sea coast of Georgia
- C. the Cycladic Islands
- D. the southern border of Russia

35. Which of these numbers indicates the island of Crete?

- A. 3
- B. 4
- C. 5
- D. 6

36. Number 13 on the map indicates which of the following?

- A. the Black Sea
- B. the Red Sea
- C. the Aegean Sea
- D. the Ionian Sea

37. Which number on the map shows the Adriatic Sea?

- A. 11
- B. 12
- C. 14
- D. 15

38. Which number on the map indicates the site of the ancient Roman city of Pompeii?

- A. 4
- B. 5
- C. 6
- D. 9

39. What part of Europe not shown on this map does have active volcanoes?

- A. Iceland
- B. the Swiss Alps
- C. the French Alps
- D. the Spanish Pyrenees

40. Which of these is NOT true of Malta?

- A. its capital is Valletta
- B. it is north of Sicily
- C. it is indicated by number 6 on the map
- D. it is in the Mediterranean Sea
