Due to the large field size, a playoff round was introduced between the end of the preliminary rounds and the beginning of the normal final stages.

19 players were split into groups of 6, 6, and 7 to play the first twenty tossups of the finals packet. One student withdrew (ill) prior to the start of the playoff round.

The top 3 players in each playoff room would advance to the first stage of the elimination competition. Those students are indicated with the asterisk (\*) next to their playoff score.
